ILLINOIS POLLED SHORTHORN “Man of the Year”

LYLE DEWITT

Each year the Illinois Polled Shorthorn Ass'n honors the man who has made the most significant contribution to his breed in the state. This year they are proud to honor Lyle DeWitt, Espalier Polled Shorthorns, Decatur, Ill.

DeWitt maintains large Polled Shorthorn herds both at Espalier and at his farm in Missouri. Further, he is an active supporter of breed affairs everywhere. A member of the board of directors of the American Shorthorn Ass'n., he is the new president after a successful term as vice president.

Further, he was one of the most active secretaries of the Illinois Polled Shorthorn Ass'n. and has been a moving force in district activities as well.

DeWitt also believes in the distaff side of breed promotion and has long been an active backer of the state and national Shorthorn Lassie movement in both a material and friendly way.

The members of the Illinois Polled Shorthorn Ass'n are proud to have him as a member.

— POLLED SHORTHORNS WIN THEIR SHARE, AND MORE —

POLLED SHORTHORNS IN ILLINOIS

Someone asked "What's new?". Well, there's plenty new in Illinois POLLED SHORTHORN circles. To start off, the spring sale was moved to Macomb and everyone was well pleased.

A new record for entries in the POLLED SHORTHORN show at the Illinois State Fair was set when 205 head were lead before Judge Roy Hatch.

For the first time the "Pride of Illinois" and Illinois Junior Preview Show were held at the same location and on the same day. It was a great day for the Reds, Whites and Roans, but better for the young showmen for many could show in two shows and there was cash in hand for each class, plus trophies.

There is more . . . 110 members dot the roster for 1971 and their names will also appear in this sale catalog. This is a new high for recent years. Of these, 24 were first time members. This is significant to our breed for it means acceptance. The figures are not in yet for the state on registrations and transfers, but indications are that we kept pace. Illinois is a buying and selling state as we strive to improve our herds, and on the other hand, we are recognized for this and people come here for seed stock of the right kind. It's this reputation and heritage, built by the old-timers, that we can all tie to in building our herds and our own reputations as breeders.

The association is solvent, thanks to a good many people. Yet, we support the breed in various promotional activities. The directory has helped support these activities. A few new or additional members each year help, too, so it's credit to a lot of people. It's fun to ride a winner. The wave of popularity our breed is enjoying right now is founded on a solid background of integrity and foresight by a good many people. They took the knocks. They stuck to their guns and now they have the size and scale and are in the "pole position" as evidenced by the records of acceptance in the show ring, sale ring and the performance program. The POLLED bull with size and quality is the most sought after beef animal in America today. There's room on the band wagon. The big problem is supply of the right kind. They will never be good enough to satisfy the most critical.

There's one thing you can do if you are one of the 1,500 receiving a copy of the catalog before the sale. That's come to the sale and observe even if you do not buy this time. If you are reading this for the first time at the sale, how about letting a little of it rub in and go ahead and bid one off. You'll be glad you did.
